

vRef Help

The Home Page

Selection

1) In order to generate a reference number, first select the model you wish to reference from "Select reference to generate" dropdown.

The screenshot shows the vRef application interface. The '1 - Select a reference' dropdown menu is highlighted with a red circle. The selected model is 'V4ECC' and 'Arpege 4 Custom'. Below this, there are several other dropdown menus for 'Color' (Amber), 'Pickguard', 'Headstock & neck' (Matching Head and Neck are STANDARD), 'Fingerboard' (Phenowood is standard), 'Accessories' (Chrome (Standard)), 'Other options 1' (Phosphorescent side dots), 'Other options 2' (Other tuning), and 'Other options 3' (None). The '3 - Generated reference with options' section shows a table with columns for Reference, Description, and Price. The table contains two rows: 'VFTUNING' with 'Other tuning' for 0.0 and 'VFRP' with 'Phosphorescent side dots' for 183.0. The total price is 6188.00. The interface also includes a 'Vigier vRef' logo, a shopping cart icon, and buttons for 'Update', 'Prices list', 'Help', and 'Setup'.

2) Select the color of the instrument by clicking on the dropdown menu labeled "Color".

The screenshot shows the vRef application interface. The '2 - Select color and options' dropdown menu is highlighted with a red circle. The selected model is 'V4ECC' and 'Arpege 4 Custom'. Below this, there are several other dropdown menus for 'Color' (Amber), 'Pickguard', 'Headstock & neck' (Matching Head and Neck are STANDARD), 'Fingerboard' (Phenowood is standard), 'Accessories' (Chrome (Standard)), 'Other options 1' (Phosphorescent side dots), 'Other options 2' (Other tuning), and 'Other options 3' (None). The '3 - Generated reference with options' section shows a table with columns for Reference, Description, and Price. The table contains two rows: 'VFTUNING' with 'Other tuning' for 0.0 and 'VFRP' with 'Phosphorescent side dots' for 183.0. The total price is 6188.00. The interface also includes a 'Vigier vRef' logo, a shopping cart icon, and buttons for 'Update', 'Prices list', 'Help', and 'Setup'.

If the color is requires and up-charge, it will appear in the "Option" window and the price will be updated. (See below for instructions on pricing.)

3) Select the pickguard by clicking on the drop-down menu "Pickguard".

If your selection requires an up-charge, it will appear in the "Option" window and the price will be updated.

4) Select the headstock color by clicking on the dropdown menu "Headstock & neck."

If your selection requires an up-charge, it will appear in the "Option" window and the price will be

updated.

5) Select the fingerboard material by clicking on the dropdown menu "Fingerboard." If your selection requires an upcharge, it will appear in the "Option" window and the price will be updated.

6) Select the hardware finish by clicking on the dropdown menu "Accessories." If your selection requires an upcharge, it will appear in the "Option" window and the price will be updated.

7) Select another option by clicking on the dropdown menu "Other Options." If your selection requires an upcharge, it will appear in the "Option" window and the price will be updated.

Generated reference

You now have its generated reference with all options.

The Basket Page

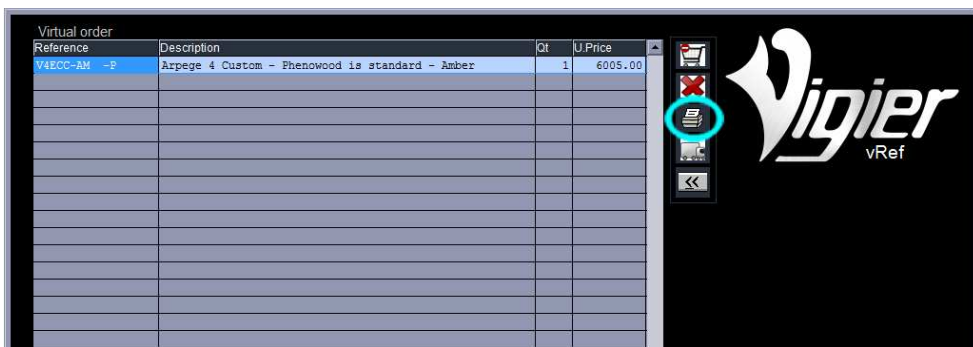

To delete the reference highlighted in the grid click on the basket

To delete the entire order click on the **X** icon. This will clear your order and you can start a new one.

To preview the order and print it, click on the printer icon

To export the order to an Excel or LibreOffice sheet, click on the truck icon.

Click on the "Update" icon and wait until a popup window indicates that the download is finished.

Your computer may warn you about security.

Authorize vRef to access Internet otherwise you won't be able to update.

3) Configuration

The configuration option is reserved for the Vigier team.
